

EDUCATION for ALTERNATIVE

Hello

The TUC is organising a demonstration in London on the 26th March, called The March for The Alternative. This will be a very large, peaceful march that will bring together people from all sectors of society - trade unionists, public sector workers, students, unemployed people, and ordinary families.

At the March Woodcraft Folk volunteers are creating a moving safe space with a family friendly atmosphere where children and young people will be able to join the demonstration while remaining safe. We're also teaming up with the TUC to run a lost kids space and an activities marquee in Hyde Park with political crafts and cooperative games.

If you, your family or your friends would like to join the March among side other families and young people you can be sure of a warm welcome and a great atmosphere. We're busy making striking banners, song sheets, awesome t-shirts and even a giant letter box for letters to the Prime Minister.

Any questions? Need to know more or want to chat it through? Just e-mail!
