Read, sign and date this declaration

I have read and accept the Woodcraft Folk aims, principles and the safeguarding policy & procedure. I have never received criminal convictions for offences involving abuse against children, nor am I subject to any such investigation at the moment. I have no other criminal convictions which might render me unsuitable to work with young people. I understand that any such proceedings or convictions could result in suspension or expulsion from the Woodcraft Folk subject to the organisation's procedures.
