Director of Operations & Finance
(Joint Chief Executive Officer)

Woodcraft Folk
Education for Social Change

Introduction

Director of Operations and Finance (Joint Chief Executive)

Woodcraft Folk is the UK's co-operative children and young people's movement. Our shared values not only influence the programme we deliver to and with children and young people, but also the way we approach governance, priority setting and operations.

As we head towards our centenary in 2025, we're recruiting new volunteers, opening our doors in new communities and expanding our small network of outdoor activity centres. Our support systems and infrastructure need an overhaul to meet the needs of an increasingly dispersed staff team supporting over 3,000 volunteers to run over 300 local groups all over the country.

We're looking for a co-operative, systems-minded individual to lead the transformation of our operational infrastructure and build on almost a century of youth-led governance. You'll need to be comfortable with complex finances, HR, and IT. You'll be committed to partnership working inside and outside the organisation and share our commitment to empowering young people, fighting discrimination, engaging with nature and achieving education for social change.

Focusing on our governance, financial systems, HR and other operational infrastructure, the Director of Operations and Finance (Joint Chief Executive) is a new role, developed to reflect the co-operative nature of Woodcraft Folk. Working closely with the Director of Development (Joint Chief Executive) and our engaged Trustees, you will update, develop and maintain the infrastructure which supports our volunteers and young members to deliver our charitable objects.

Primarily based in our South London head office, with the opportunity for some remote working, the role requires significant weekend (once a month) and evening working (most phone conferences) and occasional UK travel. The majority of travel and flexible working is scheduled in advance and will be managed to meet balance your other commitments. No overtime is paid but expenses will be reimbursed and time off in lieu given accordingly. We aim for the Woodcraft Folk staff team to reflect the diversity of the communities we serve and welcome applicants from a range of backgrounds and experiences.

The role is offered up to full time (35hrs per week), but we would consider part-time or job share for the right candidate.

If you would like to arrange an informal discussion of the role, please contact Stuart Walker, Chair of General Council on stuart.walker@woodcraft.org.uk.
