## **Join Our Volunteer Committee Team and make a positive difference to the lives of thousands of young people!**

Are you ready to be part of something truly special? Woodcraft Folk's Cudham Environmental Activity Centre provides residential and educational activities for children and young people. We are celebrating our 50th anniversary this year, and are inviting passionate individuals like you to join our dynamic team of volunteers, without whom we would be unable to deliver the amazing experiences that are enjoyed by hundreds of children both within Woodcraft Folk and from other amazing organisations who use our facilities!

Nestled in three acres of breathtaking woodland and on the edge of the North Downs in Kent, Cudham EAC has become a beacon of transformative experiences for children and young people from across the country and beyond. As part of the Woodcraft Folk family of campsites and centres, we're dedicated to nurturing values of education for social change, cooperation, equality, peace, and environmental responsibility.

We rely on the support of volunteers like you to fulfil our mission. Right now we are particularly keen to find committee members but whether you're interested in joining our steering committee, becoming a warden for visiting groups, assisting with site maintenance, or facilitating group activities, there's a role for you to make a meaningful impact and help benefit the lives of the young people who use our centre. Your contribution, no matter how big or small, could benefit all the young people who use our centre.

## **Why Volunteer with Us as a Committee Member?**

- **Community Impact:** Become part of a passionate team dedicated to enriching the lives of children and young people
