### Introduction to Woodcraft Folk

Woodcraft Folk is a registered charity, passionate about co-operation, children's rights, youth leadership and outdoor education.

Woodcraft Folk was established in 1925, in response to the First World War, by young people seeking to build a better future based on peace, international understanding and equality.

Woodcraft Folk is open to everyone, providing play and youth work opportunities to children and young people up to 21 years. We support children to take the lead at every level of the organisation, including 50% of our Trustees being under 25 years.

Woodcraft Folk aims to achieve social change through education. Children and young people engage in weekly group activities, projects, youth led social action, residentials and camping trips throughout the year. Our education programme is based on a number of key principles:

- Co-operative & sharing approach to life
- Nature and the environment
- Peace
- Equality & inclusion
- International understanding
- Rights of the child

We support young people to participate, take the lead, and make decisions about their programme and how the organisation is run. We empower them to become active citizens locally and globally.

#### ... we welcome everyone.

Our groups, events, centres and volunteer roles are open to all. We do our best to remove any barriers to participation.

#### ... we are co-operative.

We practise cooperation and teamwork through all of our activities.

#### ... we understand and respect our one world.

We think it's important to learn about our environment and how we can take better care of it. We develop international understanding and friendship through our activities and exchanges.

#### ... we've been running since 1925 and we're still going strong!

We've changed over the past century, but draw on our heritage and what we've learnt as we move forward.
